

OFFICIAL US DISTRIBUTOR OF

KAWASAKI/YAMAHA CONV. TURN PLATE (-1")

Introducing a simple yet effective part designed to move the rider forward in the tray for a more aggressive riding position. If your tired of having to choose from three steering pivot positions, we've got your fix providing an infinite amount of adjustment from subtle to aggressive and anything in between.

Description	Retail Price	Part Number
Turn Plate (-1")	\$45.00	TBM102

KAWASAKI BILLET GAS CAP

Our billet gas caps are designed to eliminate the bulk associated with most aftermarket gas caps. A slim yet elegant design adds style to your ski.

Description	Retail Price	Part Number
Silver	\$58.00	TBM105-S
Black	\$58.00	TBM105-B
Green	\$58.00	TBM105-G

SX-R EXHAUST FLANGE

Our Billet Exhaust Flange adds elegance and style to the rear of your SX-R 800. The flange is a complete replacement of the stock flange. Our slim design allows the addition of rear hull extensions if you prefer. Offered in black anodized or polished finish.

Description	Retail Price	Part Number
Black	\$79.95	TBM110
Polished	\$91.77	TBM110-P

FLYWHEEL VENT PLUG

Our Flywheel Vent Plug is constructed of billet aluminum designed to eliminate the need to use a wrench to remove and install the vent plug. Our Vent Plug is a direct replacement for the O.E.M. plastic plug and adds a nice touch to your engine compartment. Available in clear and black.

Description	Retail Price	Part Number
Black	\$28.57	TBM111-B
Clear	\$28.57	TBM111-C

SX-R BILLET HOOD LATCHES

Introducing our Billet Front Hood Latches for the SX-R 800. A direct replacement for the weak O.E.M. hood latches that bend and commonly fail, our hood latches are manufactured from 6061 billet aluminum. We eliminated all stress risers to ensure our latches will stand up to the most extreme riding conditions eliminating the chance of a failure that can lead to the hood coming loose.

Description	Retail Price	Part Number
Billet Hood Latches	\$79.95	TBM109

SLOP FREE STEERING CABLE ENDS

Direct replacement for the O.E.M. steering cable that quickly wear and become sloppy. Eliminate all free-play in your steering by installing our slop free steering cable ends. Incorporating CNC machined delrin washers that adjust to capture the ball joint and prevent friction and wear. Fits all Kawasaki Jet Skis and every other manufacturer's craft that uses a 9mm ball joint.

Description	Retail Price	Part Number
Cable Ends (1 set)	\$69.95	TBM112

TBM RACING SUPER PUMP CONE

Introducing the most revolutionary part ever developed for the Kawasaki SX-R 800. Over two years of development has produced an affordable bolt on component that dramatically increases the efficiency and performance of the OEM pump into reality. The Super Pump Cone increases the diameter of the center hub of the pump which increases pump pressure keeping the pump "loaded" in rough water conditions. TBM's design works with the OEM, Solas Dynafly, and C-75 Skat-Trak Impellers.

Description	Retail Price	Part Number
Super Pump Cone	\$280.00	TBM120

***Just released **NEW** TBM pump cones now available in short and long sizes. See page 2 for more details.

OF

TBM
RACING

TBM RACING THROTTLE CABLE ADAPTER

Our throttle cable adapters are made from 6061 billet aluminum and anodized for corrosion protection. The outside 10mm thread fits our Throttle Lever and most popular levers on the market.

(Compatible with Yamaha and Kawasaki '96 +)

Description	Retail Price	Part Number
Yamaha Cable Adapter	\$17.37	TBM118-YAM
Kawasaki Cable Adapter	\$17.37	TBM118-KAW

SX-R RACE BUMPERS

Introducing the easiest way to enhance the handling of your SX-R simply by replacing your stock bumper with our adhesive backed bumpers. These eliminate the need for rivets and narrows the bond flange increasing the lean angle of your ski. They also enhance the appearance significantly.

Description	Retail Price	Part Number
Bumpers	\$91.84	TBM117

TBM RACING KAWASAKI OEM REPLACEMENT TURN PLATE

Introducing our OEM replacement turn plate for the 750 and 800 Kawasaki stand ups. Our turn plate has many unique features including two handlebar positions giving the rider an option depending on conditions and riding style. In addition you have the option of using our replacement stud that allows you to relocate the turn plate an inch forward from the stock location. Combining the two options gives you slightly over 1.5" forward from stock. The same slotted quicksteer feature used on our Kawasaki/Yamaha conversion turn plate is also utilized on this turn plate.

Note: Turn plate stud is not included.

Description	Retail Price	Part Number
Turn Plate	\$85.00	TBM102-OE

TBM RACING SUPER PUMP TAIL CONES

Now available in two new sizes. These Super Pump Cone tail cones offer the that perfect pump tuning. The short tail cone offers the freerider/freestyler that added acceleration they desire. The short tail cone is not recommended for closed course racing, although could be a secret weapon on a small tight track. The long tail cone offers the racer/rec rider that added top speed they desire. The long tail cone is recommended for closed course racing, and will increase hook up in rough water conditions.

(Compatible only with TBM Super Pump Cone)

Description	Retail Price	Part Number
Short Tail Cone	\$85.00	TBM120-F
Long Tail Cone	\$92.50	TBM120-L

TBM RACING OEM REPLACEMENT TURN PLATE STUD

Designed to be used with our OEM Replacement Turn Plate, the stud enables you to use the forward hole in your SX-R 800 sub plate, which will relocate the pivot 1" forward from the stock location.

Note: Turn plate is not included.

Description	Retail Price	Part Number
Turn Plate Stud	\$45.00	TBM102-S
