**Sea-Doo RXP Aquavein Intake Grate  
Now Available**

New from the #1 Intake Grate Manufacturer in the world, the RXP 215 Aquavein Intake Grate is now available. The Aquavein grate for Sea-Doo's new RXP is an absolute necessity to harness the supercharged 215 horse powered beast of an engine! The patented wing design delivers zero cavitation, quicker acceleration, improved low and high speed cornering, greater straight line stability and an overall increase in speed. The cast aluminum design installs easily in minutes with basic tools.

**Sea-Doo RXP Power Plenum Filter Kit  
Now Available**

A hot rod should run and sound like a hot rod! The new R&D RXP Power Plenum Filter Kit will get the job done with a definite, noticeable increase in throttle response and acceleration, as well as increase RPM's between 50 and 100! The R&D RXP Power Plenum Filter Kit gives the RXP 215 s engine a high performance racing look, sound, and performance without sacrificing an ounce of reliability!
