**Sea-Doo RXP Aquavein Intake Grate**

**Part No. 113-95001**

New from the #1 Intake Grate Manufacturer in the world, the RXP 215 Aquavein Intake Grate is now available. The Aquavein grate for Sea-Doo's new RXP is an absolute necessity to harness the supercharged 215 horse powered beast of an engine! The patented wing design delivers zero cavitation, quicker acceleration, improved low and high speed cornering, greater straight line stability and an overall increase in speed. The cast aluminum design installs easily in minutes with basic tools.

**Sea-Doo RXP 2.5 Degree Wedge Kit**

**Part No. 143-95003**

The R&D 2.5 Degree Reduction Nozzle Wedge Kit for the new Sea-Doo RXP 215 has been designed, developed and tested extensively in all types of flat and rough water conditions to ensure

that there would be no compromises anywhere in the 215's handling performance! Extensive testing led our development team to wedge the reduction nozzle up 2.5 degrees, to inexpensively give the RXP 215 better handling everywhere and provide a boost of up to 1 mph in top speed performance. You will notice a much smoother and more predictable ride, along with the reduction of annoying bow spray! The billet aluminum CNC machined 2.5 degree reduction nozzle wedge kit was specifically designed to work with the OEM O.P.A.S. and Sea-Doo VTS systems. Complete with the necessary adjustable billet VTS trim rod and billet steering cable extender!

**Sea-Doo RXP Power Plenum Filter Kit**

**Part No. 203-00215**

A hot rod should run and sound like a hot rod! The new R&D RXP Power Plenum Filter Kit will get the job done with a definite, noticeable increase in throttle response and acceleration, as well as increase RPM's between 50 and 100! The R&D RXP Power Plenum Filter Kit gives the RXP 215's engine a high performance racing look, sound, and performance without sacrificing an ounce of reliability!

**Sea-Doo RXP Pump Shoe Insert Saver Kit**

**Part No. 123-10010**

The RXP Pump Shoe Insert Saver Kit was designed and developed to add two extra 6mm bolts to the back end of either an R&D Aquavein or OEM. grate for a much higher degree of security against pulling inserts out of the OEM PVC plastic pump shoe! The Pump Shoe Insert Saver Kit installs easily and is a highly recommended accessory to either stock or R&D Aquavein Intake Grates! A must for competition use!
